

Enterprise. Technology. Simplicity.

Crisis24 Horizon is the new risk management platform from security experts, Crisis24. We encourage your access and utilize the new technology as part of your risk management program. The platform is available on both desktop and mobile apps and offers enterprise threat intelligence and a range of features to help keep you informed and safe - no matter where you are.

Discover the Benefits of Crisis24 Horizon

- Alerts of threats and disruptions - Stay notified and stay informed!
- Risk Ratings and Location Intelligence of safe & security issues in countries and cities worldwide.
- Awareness of Threat Zones - areas within cities and regions that are of higher risk than the surrounding areas - such as high-crime neighborhoods.
- Advice Sheets to mitigate a range of safe and security issues.
- 24/7 Hotline and Crisis Signal on the mobile app to use in times of need.

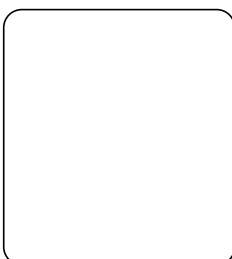

How to Access Crisis24 Horizon

Desktop

Go to crisis24horizon.com/QMU

Mobile App

Download from your app store or search for **Crisis24 Horizon Mobile**.

Logging In

1. Open the mobile application on your device and log in with your personal email address and password.
2. Enter the additional personal details requested.
3. Open the Welcome email and click to activate your account.
4. Create your password and then Sign-In to access Horizon.

Desktop: Go to Preferences, located under your name on the top right, and set your preferred notifications.

Mobile: Follow the prompts to enable Push Notifications and Location Services to receive alerts and notifications based on your current location.
